CELEBRATION PLANS NOW UNDER WAY.

July 4th, 1919, will go down in the history of Baraga county as the greatest day its people have ever witnessed. At a meeting of the executive committee held Monday, it was decided to hold the great soldiers' home-coming and welcoming celebration on that date, and plans are now being made for the biggest event the people of this district have ever witnessed.

It is planned to have one or two big bands here for the day, as well as orchestras for dancing, and an effort will also be made to have Lieutenant Rowell of Marquette come here to give exhibitions with his airplane. This will be but a small part of the entertainment, however, and the people of the county may be assured that they will be royally entertained at L'Anse July 4th.

The main feature of the day will be the formal welcoming of our boys who have seen service in the army or navy, and it is expected that the boys will take a big part in the celebration. It is planned to secure special railroad rates to L'Anse from all parts of the county for the day, also.

The following committees have been appointed:

General Manager, T. G. Belanger.
Publicity—P. M. Getzen, E. J. Westphal and W. T. Menge.

Decorations—Leo Paquette, Thos. Brennan, F. H. Monson.

Fire Works—D. L. Hebard, J. O. Maxey, Joseph Getzen.

BELGIAN RELIEF DRIVE.

The Belgian relief drive for old clothing for the people of that war stricken country will take place in Baraga county tomorrow (Saturday).

The people of Belgium are greatly in need of clothing, and all can easily spare some of our old, serviceable, clean-clothing for these sufferers. We do not know the particulars of how the drive will be conducted in all the communities of this county, but in L'Anse the people are asked to take their offering to Sciotte's store, the people at Baraga to take them to Alphonse Gauthier's store.

Pick out what you can spare, now, will you, and help the thing along?

NAZIMOVA'S RISE TO FAME IS UNPARALLELED.

Alla Nazimova, who will be seen in "Eye for Eye" at the Pastime theatre Saturday evening, has become the supreme star of the day.

Born in Talta, a little Crimean town on the shores of the Black Sea, she was taken to Geneva when a child. While here she showed a remarkable aptitude for music and became a violinist of distinction at the age of twelve. She gave up music as a profession, however, and devoted herself to the study of dramatic art. Immediately upon graduation she became leading woman with a stock company in Kostroma, Russia, and played over two hundred parts during her first season. Soon after this she moved to Petrograd where she appeared in the leading theatres in all prominent roles. She attempted to make a production of "The Chosen People," a revolutionary play, but was stopped by the Russian censors.

It was in this play, however, that she made her first appearance in America, which was produced at the Criterion theatre. During this time she appeared in the Russian language but at the suggestion of Henry Miller she began to study English and after four short months appeared as "Hedda Gabler" in this language. This is almost inconceivable but true, and it goes to show the genius and determination of this wonderful woman.

Nazimova's career in this country has been a series of continuous and tremendous successes which have placed her at the top of the ladder of dramatic and screen fame.

Since "War Brides," all her appearances on the silver sheet have been in Nazimova productions, where she has appeared in "Revelation," which has been called a classic by the most notable critics of the day, and "Toys of Fate," another super-screen production. In "Eye for Eye," which is perhaps her greatest achievement and in

which she plays the part of Hassan, a beautiful and fiery Arabian girl, she has added new laurels to her wreath of fame.

Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.—advertisement.

FOLKS WE ALL KNOW

This may be a Large Time, but it Doesn't Look it. Since Four o'clock this morning the Fisherman has been Out in the Rain and all he has Caught is a Bad Cold. Fortunately he has brought something for it. If he had Sit out in the Back Yard this way he would Think it Pretty Rough.

BOYS FROM FRANCE COMING EVERY DAY.

Sergeant Roger D. Gamache, son of Mr. and Mrs. Alphonse Gamache of L'Anse, returned the first of the week from France, where he was stationed with the 464th Aero Squadron.

Roger left L'Anse nearly two years ago for Detroit, where he enlisted in the air service. Previous to this he tried to enlist in the Infantry, Cavalry, Yeomen, Marines and Navy, but each time he was turned down for being under weight. In the rush to get recruits for air service, he managed to slip through without his weight being put to a test, and soon found his way to Columbus Barracks, Ohio, being sent from there to Kelley Field, San Antonio, Texas. Before leaving for overseas he was made a sergeant of the first class, leaving for France October 13, 1917, and after an exciting trip across the ocean, in which the transport was chased out of its course by submarines, arriving at Belfast Island. He then went to England for a short stay, going from there to France, and after living in tents and enduring the mud for several weeks, his squadron found itself in a barracks for Christmas dinner.

The 26th of March found him at Romorantin, where the Liberty airplanes were put together and tested, and on May 29th he went to Orly, American Aviation Acceptance Park No. 1. Later he was stationed at Chateaufort-sur-Seine.

Roger worked in the railroad shops for a time, as well as on aeroplane ground work, later being used almost exclusively as an interpreter and telephone operator. He wears three gold stripes, signifying eighteen months' overseas service, and says that he has gained weight considerably while in the army. He expects to visit at his home here for a month, when he will return to Detroit to resume his former position as timekeeper and employment agent for Schweppe & Wilt of Detroit.

EPWORTH LEAGUE MEETING.

For the regular Friday (this) evening meeting of the Epworth League a special program has been planned. The subject is one of vital interest and its unusual treatment adds to its interest. "Thanksgiving Ann" by Miss Ada Johnston will surely be convincing in her opinion of "systematics."

"That Sermon" by Miss Lena Tollefson, "The Twenty-Four Day League" by Miss Stenson and the "Testimonials" make up the major part of the serious numbers. The "How" and the "Why" of the subject will be varied by the special musical numbers. Solos will be sung by the Misses Ruth Thorsen and Louise Schytte and Mrs. W. A. von Zellen. Florence and Jack Smith will sing a duet. There will also be a "surprise feature" on the program.

The Ladies' Aid Society will be the guest of the League for the evening. A cordial invitation is extended to the public to attend this and all regular meetings on Friday evenings at seven-thirty o'clock.

The girl was born at Zeba Dec. 26, 1896, and she has since made her home at that settlement. Her many friends and neighbors deeply regret her demise. She is survived by her parents, four brothers, Alfred of Odanah, Henry, James and George, and one sister, Libbie.

STOCKING UP SHOP.

Oliver J. Johnson, who last week leased the McKernan building on Main street, is putting in a full line of paints, varnishes, wall paper, etc., and solicits the patronage of the public in anything in his line. Mr. Johnson is one of our progressive young business men, just starting in to handle the stock in connection with his trade, and he should be encouraged by patronage. He is an artist in his line, and any work given him you may be assured will be well done.

CHURCH SUPPER COMING.

The Ladies of the M. E. church will give a hot supper and bazaar Saturday, May 17th, starting to serve at 5 o'clock, p. m., so that outside guests came come and get their supper and return home at an early hour.

Remember the date. Special attractions for the children, and the Pequaming orchestra will furnish music during the evening. Further particulars will be published later.

Cause of Headache.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.—advertisement.

L'ANSE YOUNG MAN IS RISING RAPIDLY.

Robert M. Peterson, assistant superintendent of the Mass Mining Co. at Mass, has accepted the position of chief efficiency engineer for the Weatherby-Sherman Mining Company of Mineville, New York.

Mr. Peterson is a son of Mr. and Mrs. William Peterson of L'Anse, a graduate of L'Anse high school and the Michigan College of Mines. He has been in the employ of the Calumet & Hecla for several years and worked under Supt. Potter of the efficiency bureau, being employed at all the mines of the company. For the past two years he has held the position of assistant superintendent of the Mass Mining Company.

The iron mines to which he is going and which he has just visited are of the variety of ore known as magnetite, which when pure runs 72 per cent iron and gets its name from possessing the magnetic attractability. The deposits of Mineville are very large, the Weatherby-Sherman company having one that was of very high grade 300 feet wide, a perfect bonanza.

FARMERS SELL THEIR SPUDS TOO EARLY.

For the first time in the history of Baraga county, outside dealers have scoured Baraga county for potatoes. Not less than eight dealers have bought and shipped potatoes from this county and farmers, not knowing conditions and market prices, accepted the price offered by the first man that came along, with the result that ninety-five per cent of the crop was sold at the average price of seventy-five cents per bushel, when they should have had ninety cents and in some cases a dollar a bushel.

This has been an unusual year for the potato markets. Last year the government made a regulation that a dealer would not be permitted to take over ten per cent for handling potatoes. This regulation did not seem to meet with the approval of the potato gamblers and very few potatoes were bought up for storage. Later these regulations were removed and almost immediately dealers began to buy up potatoes at the lowest price they could get them, to give them greater profits.

At a low estimate, there has been twenty-five carloads shipped from the various points of this county this spring. If the farmers had received the fifteen cents per bushel higher price which they really were entitled to, considering the market price, it would be about \$2,500.00 more money in the pockets of the Baraga county farmers.

SUPT. CLINTON RESIGNS.

Sylvester O. Clinton on Monday tendered his resignation as superintendent of the Baraga township public schools, the resignation to take effect at the close of the school year, in June.

He will leave at the end of his work in Baraga for Butte, Montana, where he will take charge of a large drug business, in which he became interested last year.

Peter Crebassa had his right hand crushed Monday, while braking.
