Clean Up Your Back Areas.

Chief of Police Andrews served no-tice on the occupants of stores and buildings on the north side of Water street that the area in the rear of the buildings must be cleared up immediately, and that in the future waste paper, refuse, etc., must not be permitted to remain there. The danger of a fire starting from spontaneous combustion is great where piles of old paper, etc. are allowed to remain uncovered, and as a preventative Chief Andrews sued the order as above noted. The occupants of the buildings expressed their willingness to comply with the order and several began to clean up immeliately.
